

The Paint Brush or The Scrubbing Brush, Which?

The day of the dusty carpet, the dirty floor and scrubbing brush is passing. A rug can be shaken in a minute—a painted floor can be cleaned with a duster.

THE SHERWIN-WILLIAMS SPECIAL FLOOR PAINT

Is especially prepared for floors. It dries quickly. It gives a hard, glossy finish. It represents the difference between the light and the dark side of house-keeping.

REAL PEARLS AND SHAM.

"I was talking a few days ago with one of the largest dealers in pearls," says Labouchere in London Truth. "He showed me a necklace which cost £28,000, and the pearls did not seem to me to be large, and another which cost £3,000, the pearls of which were quite small. He contended that it was a good speculation to buy pearls and keep them, because they were sure to go up in price. I questioned this. Those who can afford to buy a necklace of small pearls will not do so long, for they will feel that they are cut out by their friends with big pearls. As it is nine-tenths of the pearls that these ladies display on their persons in necklaces and ropes are sham. I was sitting by the side of a lady at dinner the other day. Opposite me was an opulent dame with pearls of price round her ugly neck. My neighbor deplored her inability to deck herself out with big pearls. Having got through the obvious compliment of beauty unadorned, etc., I advised her to buy some sham ones. 'I would,' she replied, 'were I a foundingling, but I have a family. The family would be asking where I got them, for they knew that my husband could not afford to buy them, and that if he could he would not. I should have to explain that they were sham, for they would know that the usual tale of having inherited them from a departed great-aunt would be untrue. That is the disadvantage of belonging to a family. They always give you away.'"
